- With the exception of instructor stipends, the recipient schools will maintain the funds in their TAF.
- IAO will validate the recipient schools' Foundation grant subsidiary account under TAF every quarter; and audit the account every year as part of the NAF annual audit.

IAO QUARTERLY VALIDATION REQUIREMENTS

- Munis report for receipt and disbursements of grant award.
 - A sub-account under TAF will be created and named “Foundation for Public Education, Inc. Grants” by IAO for the recipient schools.
