Overview of Accomplishments and Activities, March 15, 2017

A&M officially started performance on the Third Party Fiduciary Agent (TPFA) contract on September 15, 2010 based upon final signatures (the Notice to Proceed was issued on September 13, 2010). Initiation of progress tracking is based upon initial mobilization and official kick-off with the U.S. Department of Education (USDOE) on September 20, 2010.

The highlights for the month ending March 15, 2017 include the following:

- A&Mⁱ continues to assist the GDOE on developing a transition process to eventually remove it from high risk status.
 - A&M continues to attend weekly GDOE meetings that track the GDOE's transition progress. Written updates are prepared and distributed by the GDOE to personnel responsible for implementing specific corrective actions and standard operating procedures.
 - The acting Superintendent, senior GDOE staff, and A&M continue to meet internally on a regular basis to discuss plan progress and potential road-blocks.
 - The TPFA continues to discuss with the GDOE the possibility of transitioning certain accounting and other reporting activities currently being performed by the TPFA. In addition, the TPFA has offered to provide training in those activities to GDOE personnel.
 - During February, 2017, Denise Wempe from the TPFA spent several weeks working with the acting Superintendent, the Deputy Superintendent of Financial Affairs, the Federal Programs Administrator, and their staff, in reviewing specific action areas to be addressed in the transition process, including the recommendation for the GDOE to develop a comprehensive strategic transition plan for USDOE approval.
 - A report on Transitioning Services to GDOE was prepared by Denise Wempe and submitted to the Superintendent in early March, 2017.
- The TPFA is closely monitoring the Spring 2017 Fixed Asset Inventory, which is currently being conducted by the Property Management Office (PMO). Communication between the PMO, Internal Audit, the Deputy Superintendents, and the acting Superintendent continues to focus on fixed asset issues (i.e. missing/stolen assets). TPFA is working with PMO to address all inventory management concerns and PMO necessities which include the warehouse, staff training, and scanner functionality/enhancements.
- The TPFA continues to work closely with the GDOE to streamline and expedite payroll reimbursements on a timely basis. During February, 2017 the TPFA prepared detailed process outlines and flowcharts of the personnel activity, time

reporting, and payroll reimbursement functions for the Federal Programs and Business Office to use as a basis for developing comprehensive standard operating procedures. In addition, the TPFA continues to work on a payroll reimbursement forecasting model to assist Federal Programs in estimating when grant funds can expect to be depleted.
