Overview of Accomplishments and Activities, August 15, 2018

A&M officially started performance on the Third Party Fiduciary Agent (TPFA) contract on September 15, 2010 based upon final signatures (the Notice to Proceed was issued on September 13, 2010). Initiation of progress tracking is based upon initial mobilization and official kick-off with the U.S. Department of Education (USDOE) on September 20, 2010.

The highlights for the month ending August 15, 2018 include the following:

- A&Mⁱ continues to assist the GDOE on their development of a transition of services strategy from the TPFA to the GDOE.
 - A&M attends weekly GDOE meetings that track the GDOE's transition progress. Written updates are prepared and distributed by the GDOE to personnel responsible for implementing specific corrective actions and standard operating procedures.
 - The Superintendent, senior GDOE staff, and A&M continue to meet internally on a regular basis to discuss plan progress and potential road-blocks.
 - A&M continues to discuss with the GDOE the possibility of transitioning certain functions that the TPFA currently performs.
- Payroll reimbursement errors for FY17 have been reduced significantly. The error rate for the FY18 SPED Grant has risen slightly over the last several pay periods while the FY18 Consolidated Grant error rate is approximately 9% over the last 3 pay periods.
- The Spring 2018 Inventory inspection phase began on January 8th and ended May 21st. The reconciliation phase is currently underway, which consists of: audit of all inventory data accumulated during the inspection, update and reconciliation of inventory data in both the TPFA and GDOE MUNIS systems, and in-depth analysis of the results of the inventory (i.e. final tally of the number of assets accounted for, review of inventory management standards by location, comparison of prior year inspection results). The deadline for the final report is August 27th.

Immediate Areas Requiring GDOE/TPFA Attention

The following critical activities and actions require attention:

- A&M to continue working with the GDOE to assist them in their development of an overall transition of services strategy.
- GDOE to work toward finalizing the remaining implementation action items for the FMIS.
- GDOE should continue to work to address security concerns at school sites.
- GDOE payroll reimbursement personnel, federal programs teams, and individual project managers to continue working with the TPFA in implementing recommended improvements in personnel certifications, supervisory and departmental reviews, and various other items with respect to enhancing the payroll reimbursement process.
- Given their role to monitor Consolidated and Discretionary Grant activities, it is mandatory that the GDOE Federal Programs Division is fully engaged in the bi-weekly payroll reimbursement process. This includes the approval of bi-weekly certifications, which are required before reimbursements are issued to GDOE. The bi-weekly certification process is awaiting full adoption by Federal Programs.
- GDOE should continue to reduce the backlog of payroll reimbursement errors for FY17 and FY18 in the SPED and Consolidated grants.
- The GDOE should consider mandating that all federally funded technology equipment, received by the warehouse that cannot be immediately delivered to the designated recipient, be temporarily stored under lock and key in the new warehouse until delivery instructions are received from the federal funds project coordinator.

ⁱ Note: In this report, we use “TPFA” when we are referring to work performed as part of our contract in accordance with the statement of work and “A&M” when referring to out of scope work.
